New Release

Mission Healthy Greens Vegetable Donation Day – Progreen Building Technologies Limited

Background of Mission Healthy Greens Vegetable Donation Program

The Mission Healthy Greens Vegetable Donation Program (MHGVDP) was initiated in 2013 to donate organic vegetables or local accredited vegetables (新界信譽菜) to the elderly and other underprivileged individuals. In fiscal year of 2013/2014, Mission Healthy Greens donated approximately 1,600 catty of organic vegetables to the community.

GreenWalls Bioengineering (HK) Limited Donated Vegetable Packs to Local Residents

On 3 June, 2015, Progreen Building Technologies Limited (Progreen) provided a generous donation to support the MHGVDP. A total of 180 bags of local accredited vegetables were donated to 180 residents of Kwun Tong Tsui Ping (North) Estate which they were also given the free dinner boxes ‘愛心飯盒’.

In addition, Progreen formed a volunteer work team and worked hand-in-hand with Mission Healthy Greens’ staffs to engage in different community services.

Mr Stanley K.C. Wong, president of Progreen said “I was proud to support Mission Healthy Greens’ charitable work of caring for the community. We are committed to making a difference in the community through supporting a community initiative- Mission Healthy Greens. Also, we are also very happy to donate vegetable packs for seniors in need.”
